

Al Mazaya Holding launches “Mazaya IR” application for investor relations

The new launch is in line with Al Mazaya Holding’s transformation of digital services and transparency standards

The new application reflects the company’s commitment to maintaining solid channels of communication with shareholders, investors and clientele

- **Al Mazaya Holding is among the first real estate companies to launch the IR app on smartphones**
- **The app provides access to detailed financial data via the company’s website**
- **There will be an immediate update of share rates and corporate announcements**
- **It provides access to company’s financial data, dating back to a minimum of three years, and credit ratings by independent, specialised organisations**
- **It also provides Zakat calculation for shareholders**

Al Mazaya Holding is the first real estate company in Kuwait to launch an Investor Relations app, “Mazaya IR”, that is available for download on iOS, Android tablets and smartphones.

Al Mazaya is widely recognised as one of the most important and highly thought-of real estate development companies regionally and globally. It has a multitude of impressive projects in six Gulf and Middle Eastern countries. The new “Mazaya IR” application serves as a connection to the company’s stockholders, investors and analysts, providing rapid, streamlined access to an integrated database covering the company’s operations, latest business developments and news.

The new application reflects the company’s commitment to maintaining solid channels of communication with shareholders, investors, clientele and enhances cooperation with the company’s business community by providing integrated information about the company’s operations and financial results.

The company stated that the new application provides investors with immediate and live updates about the company's core business, including: share rates, dividends, company's fact sheets, financial performance, financial calendar, credit rating, financial analyses and Zakat calculation for shareholders.

Al Mazaya has also introduced new updates to the company's website, www.mazayaholding.com, to accommodate the new application, including a new platform for 'Investor Relations' that includes the following ten clickable entries: Fact Sheet, Financial Information, Share Information, Dividends, Analyst Coverage, Financial Calendar, Credit Rating, Subscription Centre, Contact IR and Zakat.

The application is available in both Arabic and English, and provides detailed overviews of the company's financial indicators, key performance indicators as well as seasonal and annual reports. In addition, the application enables chronological search results of share rates and provides an investment calculator. It will streamline access to all of the company's investment portfolios, news bulletins, information and the data required by investors and stakeholders.

The launch of this app proves Al Mazaya's unwavering commitment to provide clients with a rapid, sophisticated tool of communication. Maintaining sustained interactive channels within our business community is increasingly important in this digital age.

The innovative app, "Mazaya IR", is accessible for download through the App Store or through accessing the investor relations platform on the company's website: <http://www.mazayaholding.com/Investor-Relations.aspx>.
